<b>BUDED</b> - A fully rooted plant with attractive foliage and well formed flower buds.
<b>CUT BACK</b> - A fully rooted plant with foliage that has been cut back.
<b>DORMANT</b> - A well-established plant that has overwintered and is still inactive or has just begun to actively grow.
<b>EMERGING</b> - A well-established plant that is actively growing after a period of dormancy, but is not yet large enough to be considered READY.
<b>NEWLY POTTED</b> - A newly potted plant that is still developing roots and foliage but not yet considered PLANTABLE
<b>PLANTABLE</b> - A plant that has established enough root and top growth to be planted in the landscape but not yet considered READY.
<b>READY</b> - A fully rooted plant with nice foliage.
<b>RETAIL READY</b> - A fully rooted plant with exceptionally nice foliage.
<b>Native Plant Status</b>
<b>N</b> - United States Native Plant: A straight species plant native to one or more of the 48 contiguous United States.
<b>NS</b> - Native Selection: A selection of a native plant or a hybrid cultivar with only native parentage.
<b>Program</b>
<b>American Beauties</b> - American Beauties Native Plants®: Branded pot & tag program highlighting native plants and cultivars with a focus on empowering gardeners and supporting the research and conservation of native plants in the landscape.
<b>Brandywine Cottage</b> - Brandywine Cottage™: Branded tag program; Cavano's exclusive brand with David Culp highlighting premium, upscale plants that are focused around six seasons of interest.
<b>Proven Winners</b> - Proven Winners®: Branded pot & tag program. Program includes only trialed cultivars that are floriferous, long-blooming, colorful, easy to care for and vigorous.
<b>Top Performer</b> - Top Performer in Mt. Cuba Center Trials: Branded tag program; Program highlights native plants and cultivars with proven ecological and horticultural value based on the research trials at Mt. Cuba Center in Hockessin, Delaware. Top Performers received a 4.0 or higher rating in the trials (scale 1-5).
